

FRONT ENSEMBLE

Hello!

Thank you for your interest in LU Drums and Front. Congratulations on taking the first step to becoming a member! We are a group of musicians that aim to have fun through quality relationships and high-quality performance. The staff aims to provide a positive learning experience where you can apply the very skills and information you learn as a member in the Showcase to numerous outside disciplines.

The Showcase of Southeast Texas is a performance ensemble that entertains diverse crowds in multiple ways. We enjoy giving high energy performances to high energy crowds and take that same high energy approach to our preparation. LU Drums and Front is a group that works hard, plays hard, and lifts each other up through teamwork. Being a part of this ensemble will entail high expectations where you will be asked to show up prepared, work outside of rehearsal time, and always pursue excellence. This will manifest itself in various forms including outside sectional times, additional playing events, and much more. While we appreciate talented musicians, we prioritize open-minded human beings who are willing to go the extra mile to make something exceptional and contribute to an encouraging environment.

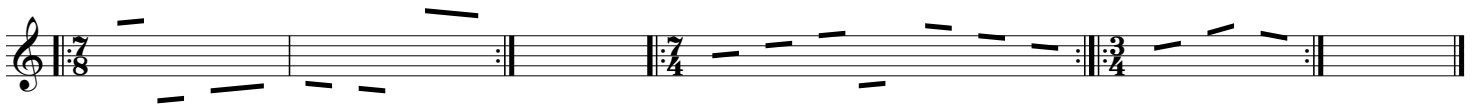

Once auditions are over you will have a clear picture of where you stand within the Showcase. Spots are unfortunately limited due to many factors, but we hope to get as many people involved as possible regardless of the outcome.
